## EDUCATION

2022 - 2025  
LOVELY PROFESSIONAL  
UNIVERSITY INDIA

- B.SC (HONS) Computer Science

2017-2019  
KAFUE BOYS SECONDARY  
SCHOOL

- High School Diploma

## PERSONAL SKILLS

- Analytical skills
- Communication skills
- Professional skills
- Time management
- Flexible to any task assigned
- Teamwork
- Problem solving
- Decision making

## LANGUAGES

- English (Fluent)
- Bemba (Fluent)
- Tonga (Basics)
- Nyanja (Intermediate)

## SUMMARY

Skilled programmer proficient in Python, JavaScript, C, C++, and C#, with a solid understanding of computer science concepts like data structures and algorithms. Basic familiarity with software engineering methodologies. Also experienced with web development technologies such as HTML, CSS, and JavaScript. Basic understanding of Unity for game development and scripting in C#. Proficient in Microsoft Office Suite. Additionally, familiar with Oracle database management. Analytical problem solver eager to learn, collaborate, and demonstrate leadership potential in team projects.

## PROJECTS

### UNITY GAME PROJECT

2023 - PRESENT

Team leading, designing and scripting

- Developed gameplay features with efficient C# scripting in Unity, guiding team members as needed.
- Led design discussions, ensuring alignment with project goals and technical constraints.
- Implemented testing procedures and conducted playtesting sessions to improve game mechanics and resolve issues.
- Managed timelines, resources, and addressed development obstacles to maintain productivity.

### WEBSITE DEVELOPMENT PROJECT

2023 - PRESENT

Designing and scripting

- Executed web development tasks proficiently, employing HTML, CSS, and JavaScript to actualize project objectives.
- Ensured websites were mobile-friendly and responsive across various devices and screen sizes by employing responsive design principles and frameworks like Bootstrap.
- Maintained comprehensive documentation of project specifications, codebase, and development processes. Generated reports on project progress, milestones achieved, and challenges encountered for stakeholders' review.
- Orchestrated team efforts, delegated tasks, and maintained open communication channels to ensure project advancement.

## TECHNICAL SKILLS

- C, C++, C#
- Python
- Coding with raspberry Pi
- Microsoft office 2010-2021
- Cyber security
- CISCO Networking
- Web development: HTML, CSS, JavaScript and jQuery
- Game development using unity engine
- Database Management system
